## **TUTTNAUER ANNOUNCES NEWEST STERILIZATION TECHNOLOGY SELECTED BY ASPEN DENTAL**

### **T-Edge Autoclaves to Equip Leading DSO's 1000+ Practices Across the U.S.**

**Hauppauge, NY;** As of July, 2023 -- Tuttnauer, a global medical technology company, announced today that its latest sterilization technology: T-Edge Autoclaves, have been selected to equip more than 1,000 Aspen Dental offices across the United States. After thorough testing at multiple Aspen Dental locations, the autoclaves were selected for their ability to help further enhance patients' safety.

Practitioners and patients of Aspen Dental will benefit from the following key features of Tuttnauer's T-Edge technology:

- The autoclave is upgradeable from class S (Gravity Sterilizer) to Class B (Pre/Post Vacuum Sterilizer), by a simple software update.
- T-Connect: Advanced connectivity capabilities, using cloud-based IoT, which allows for automatic data documentation on the cloud, for easier traceability, seamless software version updates, and easier technical support.
- Largest chamber capacity with short cycle-times.

"We are honored to continue our long-term partnership with the Aspen Dental network and are grateful for their continued trust in Tuttnauer, as a leading provider of infection control solutions," said Guy Lerner, Tuttnauer USA's President.

Dr. Arwinder Judge, Chief Clinical Officer at Aspen Dental said: "Since 1998 Aspen Dental has been breaking down barriers for patients to receive the high-quality care they deserve. Selecting Tuttnauer reinforces our commitment to assuring patients that they are receiving top-of-the-line care delivered with the latest and safest technology to keep their smile healthy."

As Aspen Dental’s distribution and sales partner, Henry Schein will implement this technology in Aspen Dental locations.

“In alignment with our companies’ shared commitment to help oral health professionals deliver quality patient care, Henry Schein is pleased to continue to support our valued partner, Aspen Dental, and equip practices with the latest in sterilization technology from Tuttnauer,” said Don Hobbs, Vice President of Equipment, North American Strategic Accounts, Henry Schein.

## **About Tuttnauer USA:**

Tuttnauer's sterilization and infection control solutions are trusted by Dental Clinics, Hospitals, Ambulatory Surgery Centers, Veterinary Practices, and Laboratories in more than 140 countries. As a global medical technology company, we're constantly developing ways we can contribute to quality improvements and cost-effectiveness for all markets. Tuttnauer is driven by a passion for research & development, high-quality manufacturing, and workplace safety. Our goal is to remain the leading experts in the industry, at the forefront of innovation in each of these areas.

## **About Aspen Dental:**

Aspen Dental Management, Inc. (ADMI) was founded in 1998 in New York by Bob Fontana with a simple goal in mind: to break down the barriers that doctors and patients face when it comes to dental care. Today, more than 20 years later, with 1,000+ Aspen Dental-branded offices nationwide, the mission of the company remains the same - to bring better care to more people. ADMI supports the largest group of branded dental offices in the world. For more information, visit [aspental.com](http://aspental.com), and follow us on Facebook, Twitter, and LinkedIn.
